Fungus List - Tentsmuir, 8.9.85

MGD

---

Amanita muscaria	
Amanita rubescens	
Boletus ?badius	Russula sp (blood red, mat when dry, hardly peeling, flesh white, gills cream)
Under beech	
Boletus edulis	Russula sp (purple)
Bovista ?plumbea	Suillus luteus
Calocera viscosa	S.    ?variegatus
Cantharellus cibarius	Thelophera terrestris
Collybia maculata	Tremella mesenterica
Collybia peronata	Tricholoma virgatum
Coprinus comatus	Tricholomopsis rutilans
Coriolus versicolor	
Cortinarius gentilis	Orange slime mould
Cortinarius sp (clay cap and gills, brick cortina, clay flesh)	Yellow slime mould
Cortinarius ?pinicola	
Cystoderma amianthinum	
Dacrymyces deliquescens	
Hygrocybe nigrescens	
Hygrophoropsis aurantiacum	
Hypholoma fasciculare	
Hypholoma ?capnoides	
Laccaria amethystea	
Laccaria laccata	
Lactarius deliciosus	
Lactarius rufus	
Lactarius turpis	
Lycoperdon ?perlatum	
Lycoperdon ?pratense	
Marasmius androsaceus	
?Merilius tremellosus	
(white irregular brackets on dead conifer branches, pure white, bruising brown)	
Neottiella rutilans	
Paxillus atrotomentosus	
P.    involutus	
Peziza ?badia	
Russula emetica	
Russula ?ionochochloa (hot)	
Russula ochroleuca	
Russula sardonia (dard red cap and stem, shshortly peeling, flesh rose with ammonia)	
Russula sp (dark purple, mat cap, flesh white to cream, Peeling 1/4, smell fruity, flesh hot)

*Amanita muscaria*  
*Amanita rubescens*  
*Boletus ?badius*  
    Under beech  
*Calocera viscosa*  
*Chroogomphus rutilus*  
*Clavulinopsis ?helvola*  
*Collybia maculata*  
*Collybia peronata*  
*Coltrichia perennis*  
*Cortinarius gentilis*  
*Cortinarius semisanguineus*  
*Cystoderma amianthinum*  
*Dacrymyces deliquescens*  
*Gymnopilus ?hybridus*  
*Gomphidius glutinosus*  
*Helvella lacunosa*  
*Heterobasidion annosum*  
*Hirschioporus abietinus*  
*Hygrophoropsis aurantiacum*  
*Hygrophorus hypothejus*  
*Hypholoma fasciculare*  
*Inocybe ?cincinata*  
*Laccaria amethystea*  
*Laccaria laccata*  
*Lactarius blennius*  
*Lactarius rufus*  
*Lycoperdon ?perlatum*  
*Oudemansiella mucida*  
*Paxillus atrotomentosus*  
*Paxillus involutus*  
*Pholiota flammans*  
*Russula emetica*  
*Russula mairei*  
*Russula ochroleuca*  
*Russula sardonica*  
*Suillus ?bovinus*  
*Suillus luteus*  
*Suillus ?variegatus*  
*Thelophora terrestris*  
*Tricholoma (?)flavovirens*  
*Tricholoma virgatum*  
*Tricholomopsis rutilans*

Orange slime mould  
*Fuligo septica*  
    (Yellow slime mould)

*Boletus edulis*  
*Cantharellus cibarius* .
